Remarks

5 Claim 1 has been cancelled and the subject matter of claim 2 rewritten in independent form as new independent claim 15 wherein the indefiniteness limitations of claim 1 have been overcome.

Claims 3-7 have been made dependent on claims 15 and amended to clearly define the terms therein in accordance with claim 16.

10 Claims 8-14 have been cancelled and are under consideration for a divisional application which would be filed prior to the issuance of this application.

The drawing sheet labeled "Abstract" has been deleted as it was part of the PCT application but is not necessary in the US.

15 Paragraph [0005] in the specification has been amended to correct a typing error and indicate that the reaction disk is compressible.

This amendment places this application in condition for allowance.

Respectfully submitted,
